

NEMATOTOLOGY

For Competitive Exams (ICAR-JRF/SRF)

Authored by:

ANKIREDDY JAWAHAR REDDY

N. NARAYANA REDDY

Contents

Chapter- 1: Introduction & History	1-5
Chapter- 2: Morphology	6-9
Chapter- 3: Taxonomy	10-11
Chapter- 4: Biology	12-18
Chapter- 5: Ecology	19-23
Chapter- 6: Nature of Damage	24-26
Chapter- 7: Pathological Interactions of Nematodes with Other Organisms	27-29
Chapter- 8: Entomopathogenic Nematodes	30-32
Chapter- 9: General Nematological Techniques	33-37
Chapter- 10: Migratory Ectoparasitic Nematodes	38-40
Chapter- 11: Migratory Semi-Endoparasitic Nematodes	41-42
Chapter- 12: Migratory Endoparasitic Nematodes	43-45
Chapter- 13: Sedentary Ectoparasitic Nematodes	46-47
Chapter- 14: Sedentary Semi-Endoparasitic Nematodes	48-49
Chapter- 15: Sedentary Endoparasitic Nematodes	50-57
Chapter- 16: Nematodes of Aerial Parts	58-60
Chapter- 17: Principles and Practices of Nematode Management	61-67
APPENDIX	
I. Common and Scientific Names of Important Phytonematodes	68 & 69
II. Nematodes and Diseases Caused by them
